

ELEVATION TRAINING CLUB

We are hiring

FULL-TIME COACH

PAY	HOURS	LOCATION
£25,000 – £27,000 / year	Full-time, 37 hrs/week	Portsmouth – in person

About Elevation Training Club

We are growing again.

Elevation Training Club is a private coaching facility built around progression, performance and long term results. We coach people properly. No egos, no gimmicks, just high standards and a strong community.

If you are burnt out from split shifts, chasing hours, and working in a low standard environment, this will feel very different.

The Role

We are looking for a full time coach to join the team.

- Deliver small group personal training sessions
- Coach, support and build relationships with members
- Uphold high coaching standards across every session
- Be part of a team that cares about progression

You do not need SGPT experience. We will teach you our system.

What You Get

- Full time salary based on 37 hours
- No split shifts
- Fuel card
- Work from home time for programming and admin
- CPD budget and structured development
- Pension and annual leave
- Clear progression within a growing business

What We Are Looking For

This is less about your CV, more about who you are.

- You care about people and coaching properly
- You want to improve and be coached yourself
- You bring energy, standards and professionalism
- You have ambition

We will develop your skills. You bring the attitude.

Development and Support

You will be supported by senior coaches and go through our internal development system.

We do not just hire. We build coaches.

Whether your path is performance, rehab, or education, we will help you get there.

The Bigger Picture

We are not just another gym.

We are building something that raises the standard of coaching in Portsmouth and beyond.

If you want to be part of that, this is your chance.

How to Apply

Send us a short email (sean@scvitalfitness.co.uk) or video application.

Include your social media handles.

Show us who you are, how you think, and why you would fit here.

Creativity wins.

Final Note

Last time we hired, some of the best candidates did not apply because they thought they were not ready.

If that is you, apply anyway.
