About Move4Sport

Move4Sport is a fast-growing youth-focused Strength & Conditioning company operating in the South East of England. We specialise in Long Term Athletic Development, guiding young athletes as young as 5, where the focus is on developing physical literacy, all the way to world-class international athletes who require performance testing and high level coaching and communication. Our strong partnerships within tennis, swimming, and netball provides us comprehensive opportunities to coach throughout the LTAD pathway and see athletes thrive from a young age across a range of sports.

At the core of our philosophy and mission is the development of '*Educated, resilient, performing athletes.*' We believe that ensuring that fun and creativity in all our sessions is paramount, as it not only ensures high retention but also cultivates athlete-driven athletic development.

What the role will entail

The successful applicant will be responsible for delivering strength and conditioning (S&C) to individuals and squads, primarily during evenings and weekends.

Key responsibilities also include assisting with and conducting performance testing and movement screening to our athletes, as well as contributing to data collection and report writing.

As a valued member of the Move4Sport team, you will be expected to attend weekly S&C team meetings to foster both individual and team development.

We pride ourselves on going the extra mile for our individual athletes and academies, and the successful candidate must share this dedicated mentality.
